6	What initiatives would strengthen the local economy in Kenton County?	Improving access to jobs by locating new businesses in area	2
6	-	Improving access to job training	2
6	-	Expanding agritourism options for farmers	19
6	-	Assisting local business start-ups	7
6	-	Identifying suitable land for industrial land uses	15
6	COMMENTS	Identify key factors to ensure co-existence of agriculture, industry and commerce to keep rural character	1
6	COMMENTS	bring jobs w/ living wages	1
6	COMMENTS	neighboring counties are running out of industrial zones - it will jump to Grant given no changes in Kenton. This would increase traffic and wear on infrastructure with no increase in payroll taxes to pay for infrastructure maintenance	1
6	COMMENTS	Not only identifying suitable land for industry but not allowing any further industry in other areas	1
6	COMMENTS	Access to reliable internet	3
6	COMMENTS	Generally incompatible with farms & rural character residents desire	4
6	COMMENTS	Farmers market in Kenton along 177	2
6	COMMENTS	Bring jobs that match the rural character and people's needs and that can provide the hard working labor	1
6	COMMENTS	Consider additional industrial south of readiness area #3	1
6	COMMENTS	Understanding that this is a rural lifestyle community	2
6	COMMENTS	Would we ask suburban or urban residents what industrial uses they favor for their neighborhoods?	2

6 Put a dot next to the statement below that you agree with the most.

What initiatives would strengthen the local economy in Kenton County?

Place a dot next to your top TWO choices:

Improving access to jobs by locating new businesses in area

Improving access to job training

Expanding agritourism options for farmers

Assisting local business start-ups

Identifying suitable land for industrial land uses

Other

What other information should be considered regarding Commercial and Industrial uses?

Please write in comments below or place a dot next to an existing statement you agree with.

- identify key factors to ensure co-existence of ag, industry, + commerce to keep rural character.

- bring jobs w/ living wages

- neighboring counties are running out of industrial zones
 it will jump to Kent given no changes in Kenton. This would increase traffic and wear on infrastructure if no increase in payroll taxes to pay for infrastructure maintenance.

- not only identifying suitable land for industry — but not allowing any further industry in other areas

••• Access to RELIABLE INTERNET •

• Generally incompatible with farms + rural character residents desire.

• farmers' market in Kenton along 177

Bring Jobs That match the Rural Character AND People's Needs, AND That Can Provide

the working labor

- Consider additional industrial south of readiness areas.

• Understanding that this is a rural lifestyle community.

• (Would we ask suburban or urban residents what industrial uses they favor for their neighborhoods)
