

1A - Project Overview

What this project IS

- Sharing data and findings learned over the last several months of research.
- A regular update to the *Direction 2030* Comprehensive Plan, the future long-term vision, for the unincorporated areas of Kenton County.
- Providing recommendations for possible changes to be considered by the Kenton County Planning Commission (KCPC).
- Part of an overall review of Kenton County for the comprehensive plan's 5-year update.
- Working to set the long-term 15 to 20-year vision for this portion of the county.

What this project IS NOT

- Changing anything tonight.
- Changing zoning in any way.
- Asking anyone to sell their land.
- Encouraging or discouraging development in the area.
- Changing property rights.
- Changing anything without public review and input.

What is going on tonight?

Tonight we want to show you what we have learned so far and see if there is other info we still need to study before drafting changes to the plan.

We want to hear from you

Look for purple boards for places to give your thoughts on specific questions at different the stations.
